

Best for: Consumers who use Internet telephony both at home, on the move and in the workplace

.Audio™ 920

The Plantronics .Audio 920 Bluetooth® headset combines all-day wearing comfort, superb audio quality and unique USB technology to allow calls from PC and mobile phones using the same headset. Its unique Bluetooth® voice adapter ensures there are no drivers to install on your PC and a true plug-and-play experience offering control of softphone applications from the headset.

- Easy to set up – unique Bluetooth® voice adapter ensures there are no drivers to install – plug-and-play simplicity
- For Internet and mobile calling – seamlessly combine phone calls on your PC and your mobile
- Multipoint connectivity – allows the user to have two active Bluetooth® audio devices connected at any one time
- Always available – when the 8 hours' talk-time is exhausted, a compact USB travel charger ensures you can charge anytime, any place

Compatible with:
